Outdoor Collection

“Creating indoor lounge magic in an outdoor space”

- Kristian Sofus Hansen – Designer

NORR11

NORR11 is a design company founded in 2011 with a vision to continuously create design that sparks curiosity.

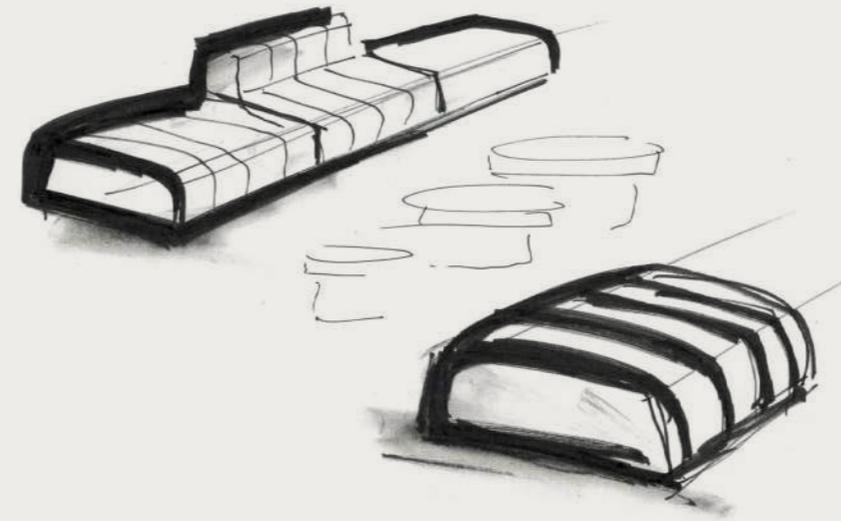

We are driven by the desire to challenge boundaries and barriers between time periods, design directions, cultures and materials.

We believe in creating pieces with character, balancing form, function and comfort.

Our mission is to create timeless pieces on the leading edge of design.

NORR11 is moving outdoors

With this collection we took some of our darlings and reworked them for the outdoors; with the intention of creating a range of furniture that provides the same indoor lounge magic in an outdoor space whilst never compromising on quality or aesthetic.

Imagine an outdoor setting where you would want to stay seated. Where you lean back and enjoy the passing of time, soaking up the atmosphere and the feeling of pure pleasure and comfort; hoping that the moment lasts forever.

We hereby invite you to take a brief deep dive into our dream and get an idea of the magic embedded in the new outdoor collection.

The Collection

The collection is based on the popular Studio Sofa and Hippo Lounge and crafted with the best weatherproof materials perfect for those seeking quality and durability as well as high comfort and pure aesthetics.

Studio Sofa

Studio Outdoor is inspired by late 70s sofa styles, refined in a contemporary way - giving the series a unique identity.

Each module of Studio articulates soft and inviting lines ideally suited for living, socialising and relaxing where one can feel totally at ease. The armrest cushion is loose and can be moved and repositioned across the series. The sofa comes in two upholstery options for outdoor.

Designed by Kristian Sofus Hansen and Tommy Hyldahl.

Hippo Lounge

The Hippo Outdoor Lounge Chair is influenced by the Hippopotamus mammal drawing upon its barrel-shaped torsos.

The characteristic wooden leg profile is made of thermotreated ash and the seat and back come in two upholstery options.

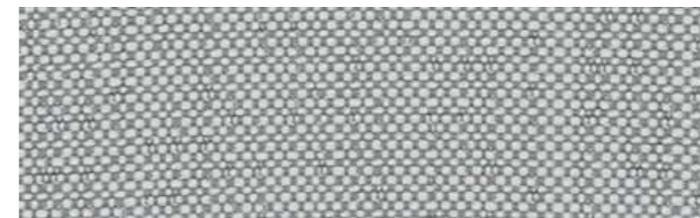

Designed by Kristian Sofus Hansen and Tommy Hyldahl.

Curated Materials

Through a meticulous selection of premium materials from the best European suppliers, the outdoor collection is built around a pursuit of combining the best comfort and longevity in materials with a sophisticated lounge design.
